**Haikou, China**

**December 23-25, 2022**

JCCME 2022 aims to promote progress in the field of Civil and Marine Engineering by hosting a global forum aimed at facilitating discourse and the exchange of ideas among the world's top innovators, scientists, academics, researchers and thought leaders in the field. Over the three days of this conference, you'll have opportunities to hear about the latest developments and changes in an incredibly exciting field.

Welcome to visit the website for 2022 International Conference on Naval Architecture and Ocean & Marine Engineering, which will be held in Haikou, China on December 23-25, 2022. We are delighted to hold the conference with this magnificent backdrop and encourage you to stay after the conference and enjoy all this part of the world has to offer.
