Conference Overview

2023 2nd International Joint Conference on Information and Communication Engineering (JCICE 2023) will be held in Xi'an, China on 17-19 March 2023.

The conference provides a suitable platform to all academics, leading researchers, professionals to share their knowledge, exchange insightful ideas, present recent research, discuss future trends and challenges of information and communication engineering fields. All academic practitioners around the world are encouraged to submit their research abstracts, papers and posters based on conference scope, and present their work through demonstrations, tutorials, oral and poster presentations at the conference.

2023 International Joint Conference on Information and Communication Engineering

JCICE 2023

March, 2023 | Xi'an, China

2023 2nd International Joint Conference on Information and Communication Engineering (JCICE 2023) is co-organized by Chengdu University of Information Technology, School of Electronic and computer engineering, Peking University and Chengdu University of Technology.

Keynote Speakers

Prof. Jiangchuan Liu

IEEE Fellow

Simon Fraser University

Speech Title

Towards Sustainable Edge and IoT: An Integral View from the Energy Perspective

Prof. Yonghui Li

IEEE Fellow

University of Sydney

Speech Title

Beyond 5G towards a Super-connected World

Prof. Victor C. M. LEUNG

IEEE Fellow

Shenzhen University

The University of British Columbia

Speech Title

Blockchain-enabled Edge Intelligence for 6G IoT

Prof. Zilong Liu

University of Essex

Speech Title

6G for Future V2X Communications
