Bring you the latest news from IASED.

June 16-18, 2023

Nanjing, China

## Conference Overview

### SUPPORTED BY

2023 6th Asia-Pacific Conference on Applied Mathematics and Statistics (AMS 2023) is co-organized by Nanjing University, Southeast University, Jiangsu BigData-Blockchain and Smart Information Special Committee, Jiangsu Society of Probability and Statistics and SIR Forum | Blockchain & Quantum Computing.

2023 6th Asia-Pacific Conference on Applied Mathematics and Statistics (AMS 2023) will be held on June 16-18, 2023 in Nanjing, China.

AMS is an annual international conference which is dedicated to providing the platform and opportunities for researchers, scientists and delegates from communities of different areas to exchange and share their experiences and discoveries, discuss practical issues and challenges encountered, explore applications and solutions in the common research field of Applied Mathematics and Statistics. All academic practitioners around the world are encouraged to submit their research abstracts, papers and posters based on conference scope, and present their work through demonstrations, tutorials, oral and poster presentations at the conference.
