## 2024 International Conference on Functional Materials and Chemical Engineering

Cape Town, South Africa

### WELCOME TO ICFMCE 2024

It is with great honor and pleasure to welcome you to attend 2024 International Conference on Functional Materials and Chemical Engineering (ICFMCE 2024) which will be held in Cape Town, South Africa during September 13-15, 2024. It is organized by University of the Western Cape, South Africa and National Taiwan University, Taiwan.

### CONFERENCE CHAIRS

Salam Titinchi  
University of the Western Cape, South Africa

Sofia Ya-Hsuan Liou  
Department of Geosciences,  
National Taiwan University, Taiwan

# September, 2024

## NEWSLETTER

September 13-15, 2024 Cape Town, South Africa  
**ICFMCE 2024 KEYNOTE SPEAKERS**

### **Ajay Kumar Mishra**

**Affiliation:**

University of the Western Cape, South Africa

**Speech Title:**

Nano-engineered Materials for Wastewater Remediations

### **Mohd Rafie Bin Johan**

**Affiliation:**

Nanotechnology and Catalysis Research Center (NANOCAT), Universiti Malaya

**Speech Title:**

Multifunctional Catalyst System for sustainable production of bio-derived fuels and value added products

### **Miguel A. BAÑARES**

**Affiliation:**

Institute of Catalysis and Petrochemistry (ICP), CSIC, Spain

**Speech Title:**

Chemical and microbiological indoor air quality, operando studies on ceria-based catalysts for VOC's remediation and catalytic filters to inactivate airborne pathogens

## THANK YOU MESSAGE

*We hope you all will have a memorable and enjoyable experience here. Meanwhile, on behalf of the ICFMCE 2024 organizing committee, we would like to express heartfelt thanks to all the participants, keynote speakers, partners and volunteers who make this conference possible.*
