JCCME 2024

November 1-4, 2024

Jeju Island, South Korea

WELCOME TO JCCME 2024

Welcome to the 2024 International Joint Conference on Civil and Marine Engineering (JCCME 2024) in Jeju Island, South Korea, which is organized by Dalian University of Technology, co-organized by Dalian Maritime University and Chongqing Jiaotong University, on November 1-4, 2024. JCCME combines Academia with Industry to adapt scientific achievements into practical applications in the field of Civil and Marine Engineering.

CALL FOR PAPERS

Topics of interest for submission include, but are not limited to:

- Actuators and Networks
- Instrumentation and Control
- Structural Liability
- Automation
- Industrial Tribology
- Mechanical Engineering
- Mechatronics Engineering
- Micro Mechatronics
- Micro-Machining
- Optimization of Systems
- Robotics
- System Integration
- Fluid-structure interactions
- Structural Mechanics
- Ocean energy extraction
- Municipal Engineering

JCCME 2024

2024 International Joint
Conference on Civil and
Marine Engineering
(JCCME 2024)

KEYNOTE SPEAKERS

Bin Teng
Dalian University of Technology,
China

Ming Zhao
Western Sydney University,
Australia

Lifan Chen
Dalian University of Technology,
China

Decheng Wan
Shanghai Jiao Tong University,
China

We hope you all will have a memorable and enjoyable experience here. Meanwhile, on behalf of the JCCME 2024 organizing committee, we would like to express heartfelt thanks to all the participants, keynote speakers, sponsors and volunteers who make this conference possible.
