JCCME 2025

2025 4th International Joint Conference on Civil and Marine Engineering

Welcome to the 2025 4th International Joint Conference on Civil and Marine Engineering (JCCME 2025), which will be held in **Qingdao, China** on **October 8-10, 2025**. The conference is organized by **Harbin Engineering University**.

JCCME 2025 will promote the relevant engineering research and applications in a vast range of topics, including port and coastal engineering, offshore engineering, fluid-structure interactions, intelligent maritime structures, maritime rescue and salvage technologies, ocean energy extraction, maritime sensor and sensing technologies, mechatronic components and systems under ocean or subsea environment, maritime related strategy and planning, and polar region technologies.

Organized by:

Harbin Engineering University

Hosted by:

Qingdao Innovation and Development Base, Harbin Engineering University
College of Shipbuilding Engineering, Harbin Engineering University

Co-organized by:

Ocean University of China
China University of Petroleum
International Joint Laboratory of Naval Architecture and Offshore Technology
International Joint Research Center of Ship and Ocean Engineering Mechanics
Sino-Russian Belt and Road Joint Laboratory on Polar Technology and Equipment
National Key Laboratory of Hydrodynamics
MIIT Key Laboratory of Underwater Propulsion Technology
Journal of Marine Science and Application

Conference Chairs

CARLOS GUEDES SOARES
UNIVERSITY OF LISBON,
PORTUGAL

DUANFENG HAN

Call for Papers

For more information, please visit www.jccme.org/cfp

Topics of interest for submission include, but are not limited to:

1. Maritime Sensor and Sensing Technologies

- Sensors
- Actuators and Networks
- Instrumentation and Control
- Pattern Recognition and Image Processing

3. Mechatronic Components and Systems Under Ocean or Subsea Environment

- Applications in Systems and Engineering
- Automation
- Engineering Structure Safety and Disaster Prevention
- Fault detection and Diagnosis in Mechatronics Systems

2. Coastal and Offshore Mechanics

- Aerodynamics
- Breakwaters and Coastal Protection
- Computational Fluid Dynamics
- Fluid-structure interactions

4. Maritime Related Strategy and Planning

- Intelligent Maritime Structures
- Maritime rescue and salvage technologies
- Ocean energy extraction
- Polar region technologies

Publication

Conference presented and registered full paper will be included in digital conference proceeding, and submitted to major citation databases like Ei Compendex, Scopus etc. for reviewing and indexing.

Accepted and selected extended papers can be recommended to publish in the following journal: "[International Journal of Vehicle Systems Modelling and Testing](#)" (ISSN: 1745-6444).

Conference Venue

• **Qingdao Aviation Science Academic Exchange Center**

Address:

No.1333, Yingshan Hong Road, Huangdao District,
Qingdao, Shandong, China
