

2026 2nd International Conference of Mechanical Engineering on Aerospace

2026 2nd International Conference of Mechanical Engineering on Aerospace (CoMEA 2026) is scheduled to be held in **Xi'an, China** on **June 19-21, 2026**. It encourages open sharing and discussion among global participants, fostering the exchange of emerging technologies in the greening, unmanned, electrification, and intelligence of aerospace mechanical engineering.

In the face of new-age challenges, the mechanical engineering on aerospace is evolving towards high-end, intelligent, and green directions. The scientists, experts and scholars in this field have been at the forefront of innovation, achieving significant outcomes in areas such as aerospace propulsion, lightweight electric aircraft, hydrogen aviation technology, assisted driving, autonomous flight control, and intelligent avionics systems.

The conference schedule will be three days including keynote sessions, parallel sessions, special sessions, presentations, and networking events. We hope all participants will enjoy the fascinating sceneries and cultural heritage during their three-day stay.

Xi'an, China
June 19-21, 2026

Conference Program *All-time slots are for your reference and are subject to the final approval by the committee.

June 19, 2026

9:00-19:00 Registration & Sign-in

June 20, 2026

9:00-9:10	Opening Ceremony	9:10-12:00	Plenary Session	12:00-14:00	Lunch
14:00-17:40	Parallel Sessions	17:40-18:00	Award & Closing Ceremony	18:00-20:00	Banquet

June 21, 2026

9:00-11:00 Excursion

2026 2nd International Conference of Mechanical Engineering on Aerospace

Xi'an, China | June 19-21, 2026

Call For Papers

For more information, please visit: www.co-mea.org/call_for_paper.html

Topics of interest for submission include, but are not limited to:

- Aerospace Propulsion
- Advanced Manufacturing
- Advanced Motion Control
- Air-Breathing and Rocket Propulsion
- Applied Mechanics
- Astrodynamics and Space Systems
- Automation and Control
- Automotive and Transportation Systems
- Autonomous Systems and Avionics
- CAD/CAM/CAE
- Combustion and Reactive Flows
- Computational Fluid Dynamics
- Fluid Dynamics
- Fluid Mechanics and Flow Control
- Fire behavior and Combustion Processes
- Heat and Mass Transfer
- Human-Machine Interface
- Intelligent Control
- Internal Combustion Engines
- Mechanical Engineering

Publication

Registered and presented full papers will be included in the CoMEA 2026 digital conference proceedings and submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing.

Accepted and selected papers can be recommended to publish in the following journal: "[International Journal of Vehicle Systems Modelling and Testing](#)" (ISSN: 1745-6444).

Publication History

CoMEA 2025

Harbin, China | June 20-22, 2025

Published by **IEEE**

Waiting for being indexed by Ei Compendex and Scopus.

Key Dates

Abstract Submission Due: March 7, 2026

Full Paper Submission Due: March 21, 2026

Author Notification Due: April 4, 2026

Registration Due: May 4, 2026

Camera-ready Submission Due: May 18, 2026

Main Conference: June 19-21, 2026

Submission Guidelines

1. Manuscripts submitted to the conference should be written in English only.
2. Manuscripts submitted to the conference should follow the template provided.
3. Manuscripts can be submitted in Doc, Docx and PDF format.
4. Oral or Poster presentations should be nominated while submitting an abstract.
5. The ordinary length is suggested no less than 5 pages, including all figures, tables, references, and appendices. If the paper exceeds 5 pages, the additional pages will be charged at the time of registration.

Please visit www.co-mea.org/submission_guideline.html to download paper template
